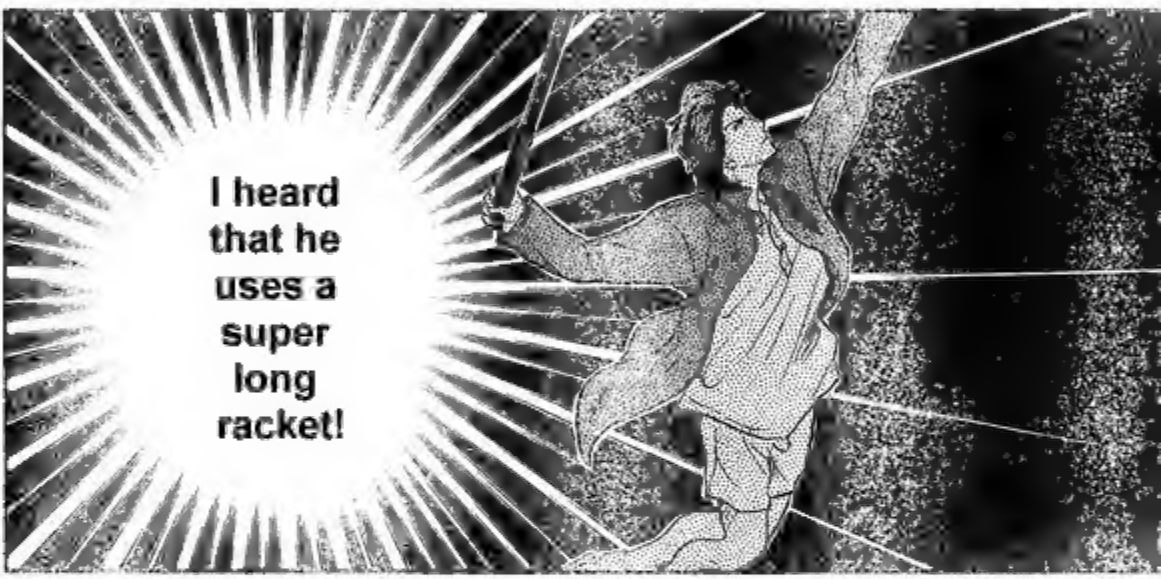
It's no surprise to see last year's winner Rikkai and runner-up Rokkaku...

In addition, two other strong schools will challenge them for the title, Seigaku and Fudomine!

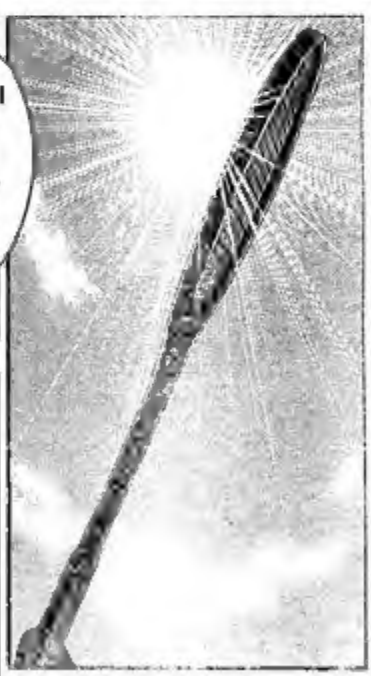
Yup! Yup! The other two teams are selected from the remaining quarter-finalists!
Horio! Don't talk with your mouth full!!
I heard that only 6 teams from the Kantou Regional Tournament will be able to qualify for the National Tournament
Inui-senpai, is that rumor true?
Yeah... Supposedly when Rokkaku had a practice match against Hyoutei Gakuen,
There was a guy who defeated 100 Hyoutei players...
Rumor ... ?

Eh? Defeated 100 players? One single person was able to defeat the Hyoutei army!?



I heard that he uses a super long racket!

Let's hope that it's just a rumor ...
Because I have no proof, I can't say for sure ...



Ah - I know! He must have defeated Hyoutei's cheerleading squad... They have over 100 members
Yeah, Inui
Something like that would never happen!!

Ha Ha Ha ...

HEY~!! TEZUKA SENT US A SHORT MESSAGE FROM KYUUSHYUU ~!
OH~! Is that true Interim Captain Oishi!?
Yup

DON'T LOSE FOCUS,
GO FORWARD
...
OK
What?! That's it?
That's just like Tezuka's style... And...
"Go Forward" Doesn't it feel like he's right here fighting with us when we hear those words?
He's the same as always. Well then, it has been decided, we will go forward to the Nationals!!

He went to take a nap after eating lunch
SEIGAKU
Eh? Where's Echizen?
Oh yeah, Let's go check up on Kamio

Echizen!
Alright! Don't lose focus, Go forward !!
Momo, I'll go with you. I still need to learn Ishida's Hadokyuu. If he refuses, I'll be in a pinch...
Ha Ha

Where did Ryoma go ...

Kawamura -senpai, you sure are direct!

Rokkaku Jr. High (Third Year) Kurobane Harukaze
Alright, I'm sorry! Please forgive me!

So, St. Rudolph's Kisarazu was formerly from Rokkaku Jr. High.
Is he? .....
You really know a lot, Fuji!
During our practice match with St. Rudolph, Yuuta, the southpaw killer was amazing!
But you can easily injure your arm playing tennis like that...
Therefore, he lost...
Did you patch things up with Yuuta?
Rokkaku Jr. High Vice-Captain (Third Year) Saeki Kojirou

This year, Rokkaku's captain is a first year!
Oh yeah, don't be shocked when you hear this Fuji...
Aww, don't say that,
The old man decided it...
That's nothing to boast about...
AH! There you are!
Oh, speak of the devil...
That's him, Fuji
Anyways, he is not your average rookie, he is really good!
He has played evenly with Amane, the man who defeated 100 Hyoutei players..

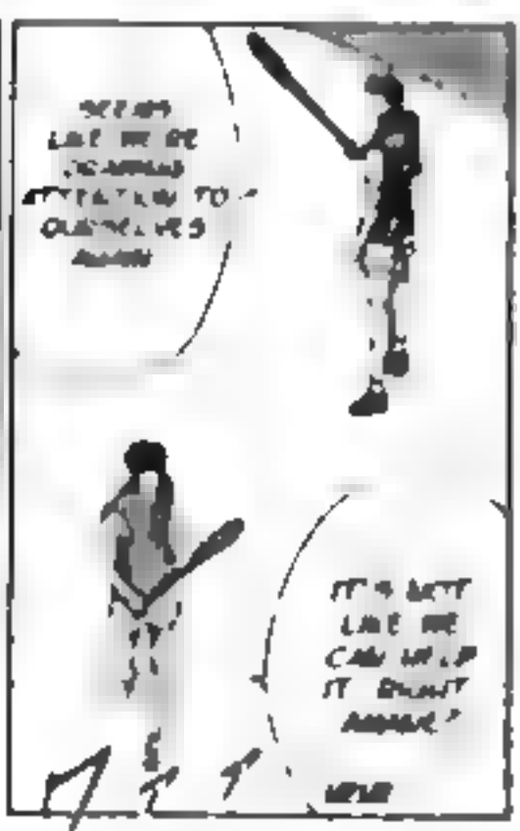
HUH ARE THEY ALLOWED TO USE THAT?
.....



WELL, IT SHOULD BE ALRIGHT ...

12.5 inches (31.75 cm)

29 inches (73.66 cm)

According to regulations, the length of the racket must be within 29 inches, in other words, 73.66 cm...

Those long rackets are probably custom made so that they comply with the regulation requirements

And the width of the racket must be within 12.5 inches, or 31.75 cm

EH, WHAT OLD MAN ...?

AH, THAT OLD MAN ...

  I didn't translate Amane's nickname in chapter 168

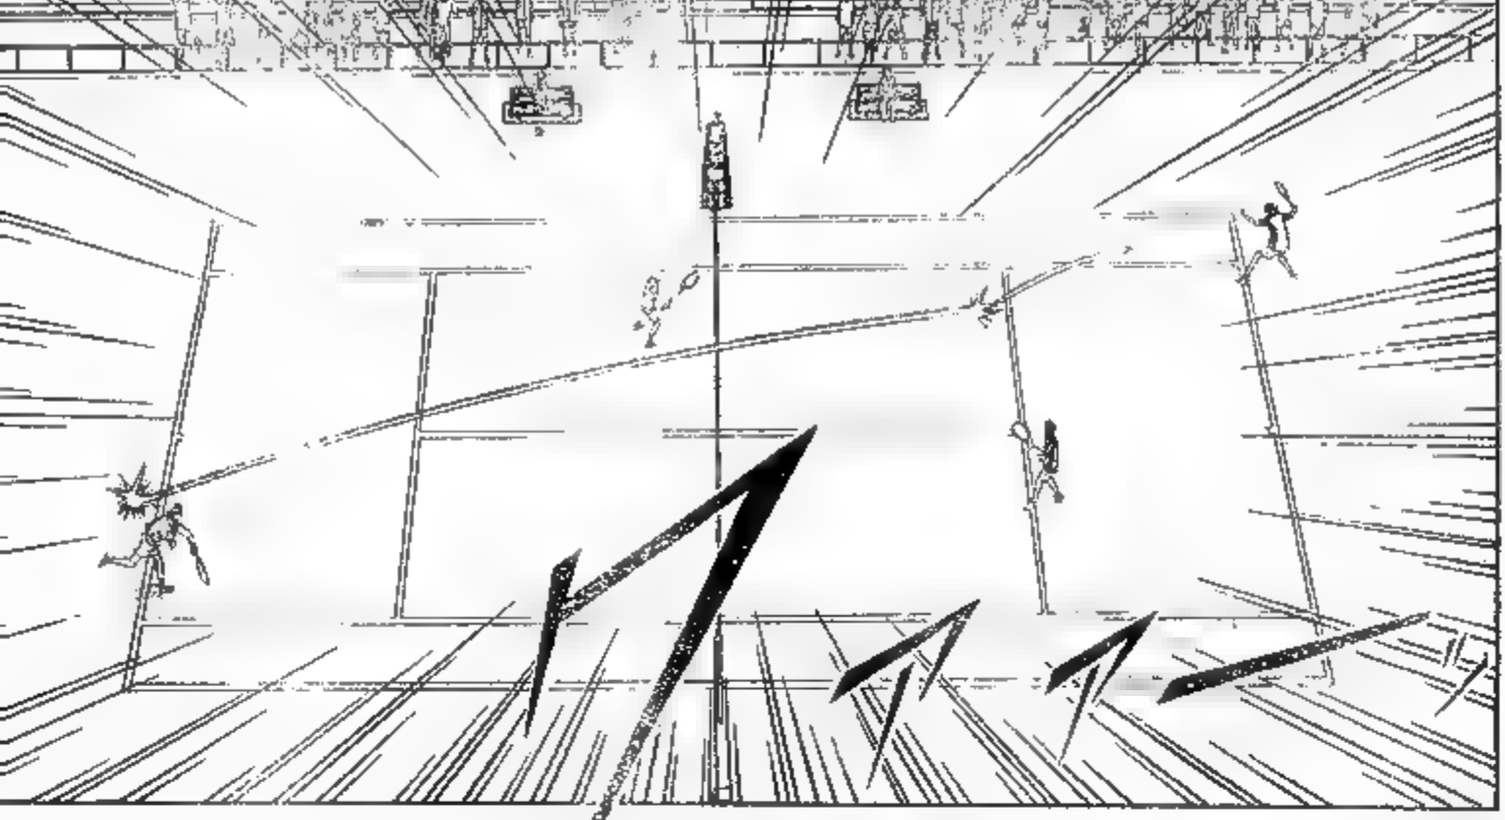
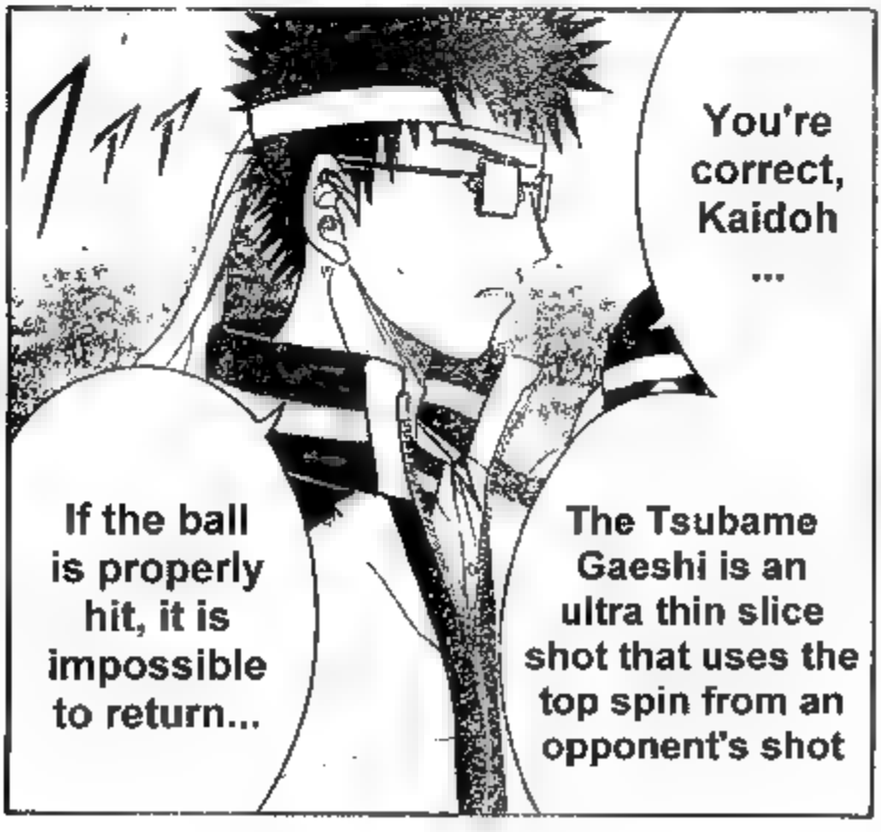
He returned it .....
As I expected, there's still not enough spin on the ball...

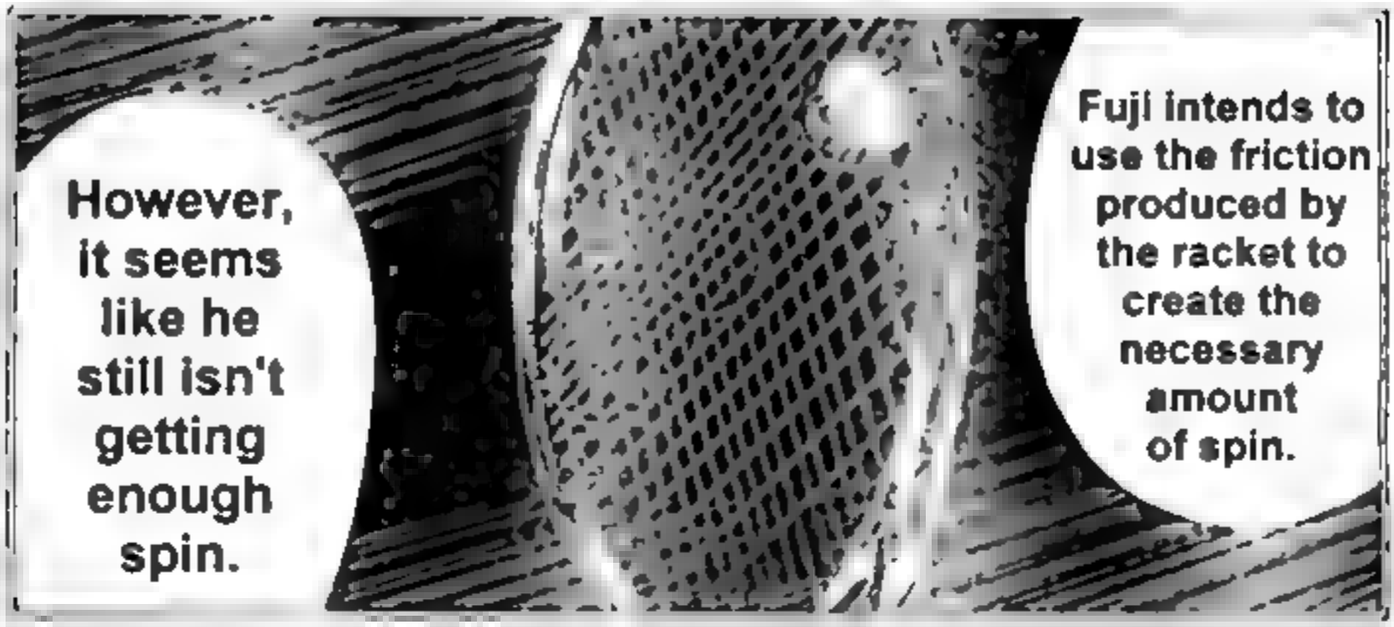


Damn, that shot is supposed to be impossible to return!



You're correct, Kaidoh ...
If the ball is properly hit, it is impossible to return...
The Tsubame Gaeshi is an ultra thin slice shot that uses the top spin from an opponent's shot

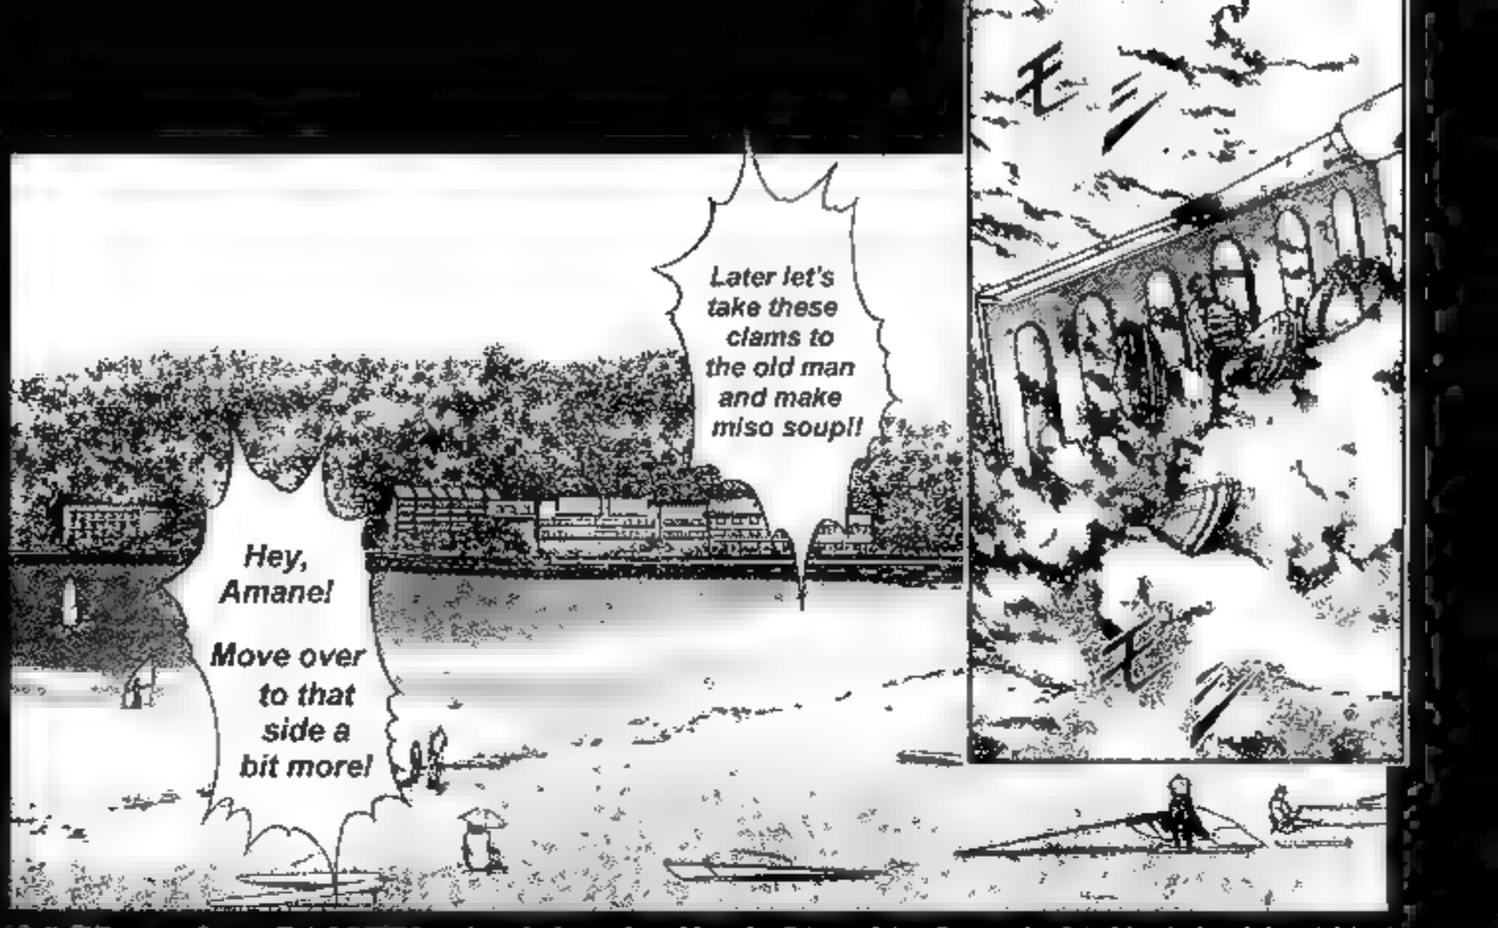
!?



However, it seems like he still isn't getting enough spin.
Fuji intends to use the friction produced by the racket to create the necessary amount of spin.

Because of that, even if the ball bounces a little bit off the ground, his opponent has a chance to return it...

Ah! Another Tsubame Gaeshi!?
He's using the face of the racket .....!
I must create more spin!



Later let's take these clams to the old man and make miso soup!
Hey, Amane!
Move over to that side a bit more!

You guys... Even if this is all free, you guys are taking too many!
